NAICS (North American Industry Classification System) classifies business establishments for the purpose of collecting, analyzing and publishing statistical data related to the U.S. economy. NAICS codes define establishments based on the activities in which they are primarily engaged. UPG validates member NAICS codes using data from Dun and Bradstreet (dnb.com). Eligibility determinations for the Verizon discount will be made strictly and solely on the basis of these NAICS codes. Companies that are not designated by one or more of these NAICS codes with NOT be eligible.
